

# BLDC PUMP

## Main Features

- Bedroom level quiet design, Low noise 25dB
- Brushless DC pump, Magnetic driven
- Compact size with high efficiency
- High durability & reliability for continuous operation
- Wide range of working voltage, Maintenance - free
- Cost-Effective and Flexible OEM/ODM service available

## Specifications

Rated Voltage: DC12V

Operating Voltage: DC8V~DC14V

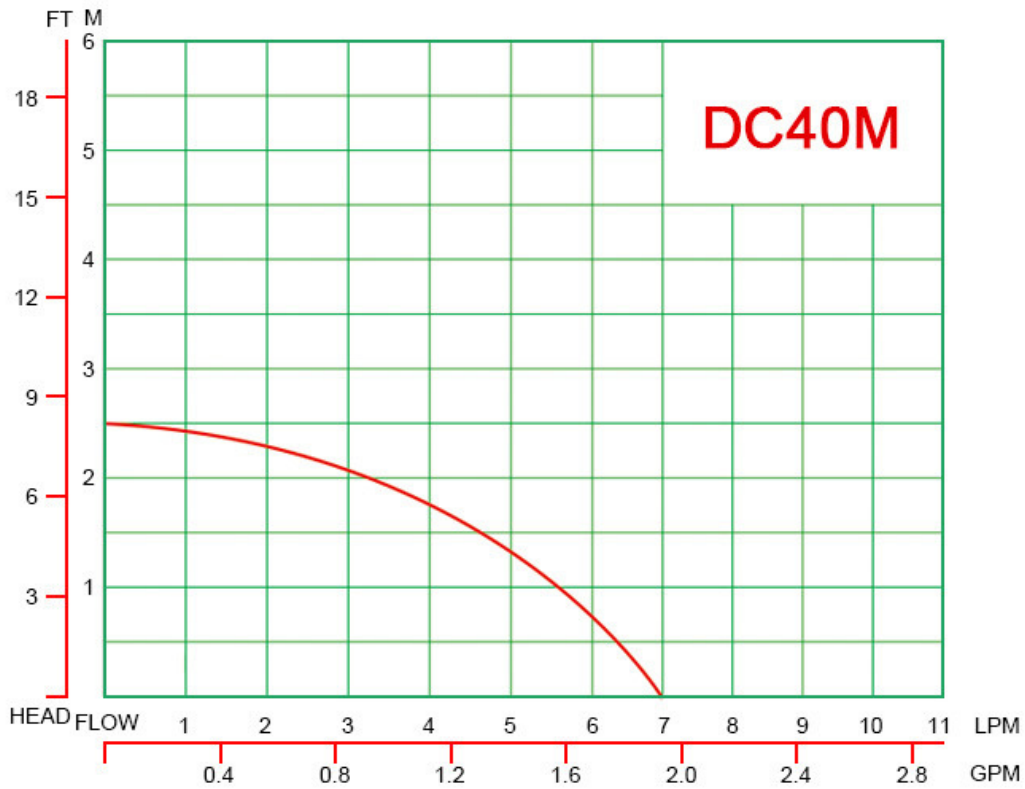

Power Consumption: 4.8 watts

Max Static Head: 2.5 meters

Max Flow Rate: 410 L/hour

Noise: 25dB
